

www.aquiferalliance.org

Dear teachers,

We thought you might want to take a few moments to check out the National Wildlife Week's "[At School](#)" web page, which includes:

- Free downloadable nature-themed classroom activities and curricula
- Information and activities about greening your school with Eco-Schools USA
- A report about the connection between student readiness and outdoor play

You can also register online to receive your custom [Educator Activity Guide](#) download, featuring a Wildlife Watch activity for Texas!

As always, please contact me if we at GEAA can be of service to you and your students.

Have a lovely day,
Elena

PS - We hope to see you at the [WATER Symposium](#) on February 14th and 15th. Trinity University is offering free CPE credits for all teachers who attend... Contact me for more information!
